Dear Ms. Burden,

We are members of the Jewelry District community on The Bowery near Canal St. We are hardworking business owners who have been here for many years. That said, we are taking the time out of our busy workday to write this letter of support for the Bowery Alliance of Neighbors' East Bowery Preservation Plan.

We implore you to extend the low-rise zoning of The Bowery's west side to its unprotected east side. The building of large out-of-scale hotels and condos will destroy the historic architecture of The Bowery as well as its still vibrant business and residential communities. These communities have been here for generations. We look to the City Planning Commission for protection.

Sincerely,

S. Bracco 8/4/09
